

United States History

Blessed is the nation whose God is the Lord. - Psalm 33:12

2024-2025 Syllabus

General Objectives

My main overall goal is to see the students become conversant in U.S. History from a biblical perspective so that they can learn to appreciate the blessings of being an American as well as being able to call out past (and present) abuses and injustice in a way that is consistent with the Gospel Narrative and God's Word.

Homework

Students are expected to stay current on chapter reading (CRITICAL), Section Quizzes, and Student Activity assignments.

Homework should be completed with minimal parental input.

Student Activities and Tests available via Canvas & Section Reviews are in the textbook.

Testing

There are 27-chapter tests in the BJU curriculum (we will only use 13 or 14), but no mid-term or final test. Tests consist of multiple choice, short answer, true/false, and 1-3 essay questions. ALL tests will be taken AT HOME and will be open book. I have decided to promote students engaging in the material rather than just cramming to pass a test.

Grades

- Chapter Tests = 60% of the final grade
- Section Quizzes & Student Activities = 30% of the final grade
- Class Participation = 10% of the final grade...so SPEAK UP!!! ☺

I will probably give 3-5 extra-credit assignments throughout the school year. Some examples are:

- Write a short paper critiquing Critical Race Theory
- Attend a fieldtrip to a historical location
- Watch a fact-based historical movie and write a review
- Engage with a breaking news story (written paper) that pertains to U.S. History or a current event that has historical significance (like Covid, for example)

I usually give anywhere from 10-20 extra-credit points per assignment which get added to the overall test scores.

ONLINE STUDENTS: You will submit all of your homework via the class Google Drive:
